🌐 [linkedin.com/in/abusid07](https://www.linkedin.com/in/abusid07)

Executive Summary

Front-End Developer with hands-on experience creating responsive, user-focused web interfaces using modern frameworks. Skilled in Next.js, React.js, TypeScript, JavaScript, Tailwind CSS, and shaden/ui, with practical experience using AI developer tools like ChatGPT, GitHub Copilot, Google Gemini, Claude Code, and Cursor to speed up development. Strong track record of building functional applications, improving UI/UX, and delivering scalable components. Recognized for problem-solving, adaptability, communication, and teamwork, and looking to contribute to a Front-End Developer role while continuing to grow in modern web development.

Technical Skills

Programming:

Next.js, React.js, TypeScript, JavaScript, Tailwind CSS, shaden/ui

AI-Assisted Development Tools:

ChatGPT, GitHub Copilot, Google Gemini, Claude Code

Tools & Platforms:

Git, GitHub, AI-powered coding tools

Soft Skills:

Teamwork, Problem-solving, Time Management, Adaptability, Teaching

Professional Experience

Front-End Developer, Kosal.io 📧

07/2025 – 03/2026

Tirunelveli

- Develop responsive and modern user interfaces using **Next.js, React.js, TypeScript, JavaScript, Tailwind CSS, shaden/ui**.
- Build reusable UI components and optimize application performance for smoother, faster user experiences.
- Integrate REST APIs, manage data flow, and ensure clean, maintainable front end architecture.
- Collaborate with teams using **Git/GitHub**, follow clean code practices, and efficiently debug issues.
- Use **AI-Assisted Development Tools** to speed up development tasks, reduce repetitive work, and improve delivery efficiency.

Visa Executive, Hameed Air Travels

07/2024 – 07/2025

Chennai, Tamil Nadu

- Processed **visa applications** for multiple countries, ensuring accurate documentation, compliance, and timely submission.
- Handled **ticket booking** and travel arrangements while maintaining precision and customer satisfaction.
- Utilized **booking systems and CRM tools** for client data management, record-keeping, and application tracking.
- Demonstrated **technical adaptability**, including basic system troubleshooting, website content updates, and cybersecurity awareness.
- Delivered excellent **client service and digital communication**, ensuring clear guidance, professional support, and organized workflow.

Web Developer (Intern), Code Genie

04/2023 – 04/2023

Tirunelveli, Tamil Nadu

- Front-End Development: Proficient in **HTML5, CSS3, JavaScript, and Bootstrap** for creating responsive and visually appealing web designs.
- Interactive **UI & Problem-Solving**: Hands-on experience with JavaScript DOM manipulation and event handling to enhance user experience.
- Collaborative & Adaptive Learning: **Eager to learn**, adapt to new technologies, and work efficiently using GitHub, VS Code

Projects

Pump Management & AI-Based Recommendation Dashboard

08/2025 – 03/2026

- Developed a responsive dashboard with full CRUD functionality for managing pump-related data and technical specifications.
- Structured and maintained engineering data including flow rate, head, and performance parameters.
- Built an interactive chat-based interface to collect user requirements for recommendation workflows.
- Integrated frontend applications with APIs and implemented a WhatsApp conversation viewer interface.
- Improved usability and workflow efficiency through responsive UI design and organized data handling.

Astromila , Advanced Vedic Astrology Platform

09/2025 – 02/2026

- Built **intuitive UI screens** for a full astrology & matchmaking application, improving **usability** for horoscope comparison, biodata generation, and compatibility results.
- Improved **page performance** and reduced **load time** by implementing optimized components in **Next.js**.
- Designed **interactive forms** with **data validation** to ensure accurate and reliable user input.
- Contributed to a **production-ready interface** that enhanced overall **user satisfaction**.
